St. John's Jesuit Graduation Requirements

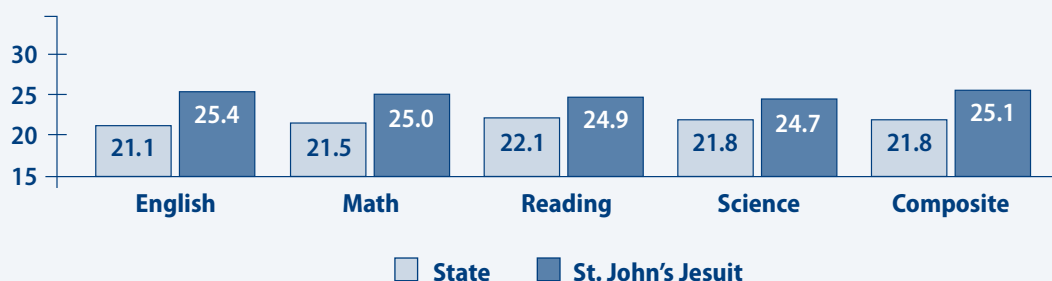

Community and Christian Service

As a Jesuit school, SJJ believes in developing strong ethical and human values. Community and Christian Service are a part of our curriculum. This requirement begins with 10 hours of service for Freshmen; 15 hours of service for Sophomores; and 20 hours of service for Juniors. Students have the opportunity to choose from a variety of experiences on a local, regional, national and international basis.

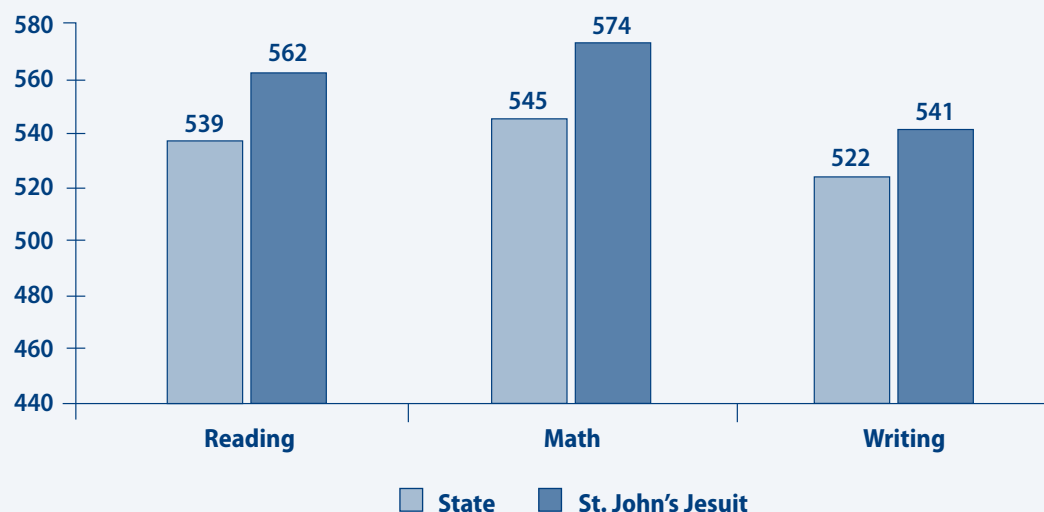

Senior Project

Every Senior student must complete a three-week, career-related or volunteer field experience under the direction and supervision of a faculty advisor. Students develop their own plan, set goals for the project, and present this Senior Project to a faculty committee. At the conclusion of the Senior Project, the student is required to write an in-depth report on his experience and learning. In addition, his findings must be presented before a faculty board for final review and approval.
