SJJ Students Serve as Mentors for The Chuck Ealey Foundation

The Chuck Ealey Foundation is a non-profit organization that was established in 2010 as a mentoring program for elementary schools in Toledo. St. John's Jesuit High School students, as part of the Christian Service program, work at the elementary school level with young students at Rosary Cathedral, Queen of Apostles, Martin Luther King Academy, and Lake Erie Academy in Toledo.

Each high school student serves as a mentor in a one-on-one relationship that helps the young student build his or her self-esteem. Students meet with students during school hours once a week over a six-week period. The young students are encouraged to develop qualities that are considered to be "undefeated" including eliminating negativity, and building determination, encouragement and endurance, focus and fortitude, equality, attitude, tenacity, education and discipline.

The Chuck Ealey Foundation is named for its founder. Mr. Ealey, a native of Portsmouth, Ohio, was raised by a single mother. He attended Notre Dame High School and as a star quarterback led his football team to 30 consecutive victories and a state championship. He was recruited as a quarterback to play for the University of Toledo where he dominated the field during an undefeated college career winning 35 straight games. Eligible for the NFL draft in January 1972, Mr. Ealey's stellar record was not enough to earn him quarterback in any one of 26 pro teams.

Disappointed, but "undefeated," he was recruited by the Tiger Cats of Hamilton, Ontario, and went on to play seven seasons professionally as a quarterback with the Canadian Football League.

After his football career, Mr. Ealey went on to become a successful financial advisor and motivational speaker. Now, his dream is to help children with potential through his foundation and a grassroots program called the *Undefeated Spirit Pilot Program*.

According to Mr. Ealey, all kids are at risk without the right information. "There are kids that show wonderful leadership qualities, but without fostering them along, they could go in the wrong direction."

SJJ Christian Service Director Phil Skeldon serves as an educational advisor to the foundation along with Mrs. Shelley Jackson, A+ Learning Center Tutor, and Mrs. Mary Ann Ransey, 2020 Program Coordinator. All three help recruit student mentors for the program. Mrs. Jackson and Mrs. Ransey helped to create the curriculum that the students use on their weekly visits.

"This is Chuck's dream to give back to Toledo, a community that he values because of his successful collegiate career. Chuck is a very humble man and a wonderful role model. He has worked hard to become a success. He relates to young people who are struggling and he wants to provide them with additional support to keep them focused on success," Mr. Skeldon said.

Wrestling Team Rebuilds with Titan Talent

"It's been a season of rebuilding for SJJ's Wrestling Team," said Head Coach Charlie Schoen '75. "We have been successful in recruiting new talent and retaining wrestlers. We started out with 40 on the team and we're rostering 32, which isn't bad. We have attracted athletes from the Football and Lacrosse teams. For the season, we've placed in the top third in most of our tournaments. We finished fourth in the sectionals out of 10 teams.

"We've worked hard this season and had fun with the team. We're on track in building this team. We've had an open door and welcomed anyone who expressed an interest in the sport. We're going in the right direction," Coach Schoen said. Schoen wrestled for four years at SJJ and also wrestled in college at the University of Cincinnati and Michigan State University.

Three wrestlers qualified for the district championship which will be held on February 25 and 26 at Ashland University. Those competing at districts include Peter Krull '13 in the 220 class, Andrew Miller '12 in the 132 class, and Ted Schoen '12 in the 195 pound weight class. Andrew Jewell '15, an alternate in the 182 class, will also wrestle in the district competition. Other alternates include Andrew Bostdorff '13, Will Happel '13, and A.J. Rush '13.

Go Titans! Best of luck at districts!

For those interested in learning more about wrestling, Coach Schoen recommends SJJ Sports Camp in the Summer 2012. Assistant Wrestling Coach Dennis Marzec will be one of the camp's wrestling coaches.

Ted Schoen '12 is 13ABC's Athlete of the Week

Congratulations to Senior Wrestler Ted Schoen '12 who was chosen as WTVG-TV 13ABC's Athlete of the Week on Wednesday, February 22. Ted, who has been wrestling since fourth grade, was interviewed by Steve Slivka '02 and his report aired on the 6 p.m. news.

Ted, who wrestles in the 195 weight class, has a record of 37 wins and one loss. According to Ted his one loss was to Indiana's state champion. Ted says he loves wrestling. "I'm in the best shape of my life and I've achieved a mental and physical toughness through the sport."

When asked about Ted's success, Coach Charlie Schoen '75 said, "It's simple, Ted's determined and works hard. Hard work always pays off."

Ted qualified for the district championship which will be held on February 25 and 26 at Ashland University. After the wrestling season is over, Ted changes gears and is on SJJ's Track and Field team where he competes in pole vaulting and shot put. After graduating from SJJ in May, Ted plans to attend the Ohio State University and major in engineering.

Ted is the son of Joe and Marcia Schoen. He attended Christ the King Grade School. His brother, Kevin '10, was also an SJJ wrestler and state qualifier. Best of luck at districts, Ted! If you missed Ted's interview, go to www.13abc.com/athleteoftheweek.

On the champion's platform receiving their second place medals for the 200 Medley Relay in the District Championship are (LtoR) Solanus DeLaSerna '13, Nate Baird '12, Eric Hipp '12, and Adam Smale '12. They will go on to compete in the state championship on February 23 in Canton.

Five SJJ Swimmers to Compete in State Championship on February 23

The St. John's Jesuit swim season is winding down. This year's team has covered over 550,000 yards in the water since the beginning of November. Dedication and discipline are important qualities on our team. When many high school students were sleeping at 6 a.m., our swimmers were swimming. When others were enjoying their Christmas break, our team was practicing three hours a day. The time that they have invested in swimming this season has paid off.

The month of February is a time for championship meets. This season was the first ever for TRAC Championships. The team placed third and had many exceptional individual showings. Sophomore Diver Mitchell Layman '14 earned First Team honors. Seven swimmers earned Second Team All League honors including: Seniors Adam Smale '12,

Nate Baird '12, Eric Hipp '12, Mickey McGoldrick '12, and Chase Cowell '12, and Juniors Solanus de la Serna '13, and Austin Lazenby '13.

The team moved on to the district championships on February 17 at BGSU. The 200 Medley relay team consisting of Solanus de la Serna, Adam Smale, Nate Baird, and Eric Hipp placed second overall and qualified for the state championship meet to be held on February 23 in Canton. Seniors Eric Hipp (100 Fly) and Mickey McGoldrick (500 Free) both placed second in their events and qualified for the state championships.

Congratulations to all Titan swimmers on a job well done this season. We are graduating nine Seniors this year and they will all be greatly missed next year. Thank you for a wonderful four years.

Academy Lego Robotics Team Wins Lego Competition

SJJA Lego Robotics earned a victory at the City of Toledo First Lego League (FLL) competition on December 3 at the Toledo Technical Academy. This is the second time the team has earned a first place in the competition. This year, the Titan team welcomed four new students from the St. Ursula Academy Middle School. The win was rewarding for Coaches Carol Wedding and Vicki Kurtz who have coached the SJJA Lego team for four years. All SJJA/SUA Lego team members were new to the competition.

The SJJA/SUA team was selected to represent the city as First Lego League Ambassadors. Ambassadors promote FLL at events that include the Ohio State Fair and Toledo's Imagination Station.

FLL is an international competition with four components. The first component is building and programming a robot that will solve missions on a playing field. A mission may include grabbing an object and bringing it back to base. The second component is a research project that ties into the

competition theme. The third component judges the team on how they work together. Finally, the robot is judged on its design and creativity.

The SUA Middle School, under the guidance of

The SJJA/SUA Lego Robotics Team is all smiles after placing first including Lindsay Forche, Raven Fair, Johnny Kurtz '18, Karissa Machnicki, Faith Carroll, and Logan Brockway '18. Not pictured: Brad Rhegness '18 and Henry Brennan '17.

Science Teacher Lisa O'Leary Kuhl, spearheaded a research product using hydroponically-grown tomatoes. The SUA team grew tomatoes from seeds. Maumee Valley Growers' Association, provided a grant for supplies. Farmer Wade Smith lent the team LED grow lights. Growing tomatoes from seeds is not easy. The first set of plants died.

According to Coach Kurtz, Lego Robotics at SJJA is a very popular club. "It is very demanding, and takes time. The students who stick with FLL love it so much that even after they move on to high school, they stop back and check up on the progress the current team is making toward solving a mission. In addition, former team members work with SJJA Science Teacher Dave Nichols to run the Lego Robotics summer camps. The camps are among the first to fill up in the summer," Mrs. Kurtz said.

"For students who may be thinking of becoming engineers, it's a great way to learn about how to design a project, build it, problem solve and hopefully, become successful," Mrs. Kurtz said.

SJJ Academy Stars in 'The Fabulous Fable Factory' on February 25 and 26

Sixteen Academy students are performing in The Campion Hall Players production of *The Fabulous Fable Factory* which opens on Saturday, February 25 at 8 p.m. and continues through Sunday, February 26 at 7 p.m. in SJJ's McQuade Theater. Admission is free. The play was written by Joseph Robinette.

According to Director Francis Carnicom '95, the students are enjoying every aspect of the play which is built around famous fables. "When I teach allegory in the classroom, I always use fables as an example of a specific type. Students relate to the concept of an abstract story with a moral because our culture tends to code many of its valuable memories, lessons, and truths within stories. I have had the pleasure of directing these hard working young men over the past two months and know the audience will enjoy the character Monroe's attempt to 'tag it with the truth,'" he said.

Academy actors include Connor Long '16, Fuad Abbas '16, Aedan Martindale '16, Nate Marten '17, Nick Dart '16, Connor Przysiecki '16, Gabe Winarski '18, O'immanuel Levesque-Lawrence '17, Steffen McNerney '18, Alex White '17, Luke Tracz '16, Michael Janson '16, Alexander Lampkin '17, Brad Rhegness '18, Rory Heizelman '17, and Johnny Kurtz '18.

Mr. Francis Carnicom '95 is the Director. Mrs. Barbara Trimble is the Assistant Director. She is also responsible for costume design, construction, and props. Set design is Mr. Brian Tittl and Mr. Steve Frushour. Assistant to the Directors and Stage Manager is Joshua Irwin '16. Brayden Manor '16 and Logan Brockway '16 are in charge of lighting for the production.

Mark Your Calendars for Titan Weekend 2012

St. John's Jesuit High School & Academy is pleased to announce that the 2012 Titan Weekend will kick off on Friday, July 20, with the 30th annual Alumni Golf Outing at our new venue, Brandywine Country Club.

This year's Alumni Golf Outing will feature two

separate flights, with the first flight taking off at 7:30 a.m. and the second flight following at 1:30 p.m. Alumni will be able to catch up between rounds during lunch, which will be served from 11 a.m. to 1 p.m.

Saturday's festivities will get started with a Back

to School Day and Family Picnic at SJJ. Later that evening, alumni receptions will begin with Mass, followed by dinner, drinks and dancing in the Carty Fox Commons. Classrooms will be set up for individual reunion classes to catch up with classmates and their significant others in a quieter setting.

Reunion committees are forming now, so if you are interested in helping out and planning your reunion, contact Nick Butler '01, Director of Alumni Relations, at 419-865-5743, ext. 260 or nbutler@sjtitans.org.

Jim Wheeler '82 entertains fellow alumni at the cookout following the 2011 Titan Golf Outing at Whiteford.

SJJ Athletic Trainer is a Well-Known 'Fan Favorite'

Ayami Sato is a basketball enthusiast through and through, which comes as no surprise since she's been playing the sport since she was a young girl growing up in Yokohama, Japan. So as her playing career was winding down, she looked for a way to continue being involved with the game she loved.

After ruling out coaching, Ayami settled on a career in athletic training and came to America to pursue a college degree in her chosen field. She earned a Bachelor's degree in athletic training from the University of Nebraska at Kearney in 2008 and then came to Toledo, where she attended the University of Toledo and worked as a graduate assistant at St. John's Jesuit High School & Academy while studying for her Master's degree in exercise science.

Ayami is currently in her fourth year as SJJ's athletic trainer while also balancing a busy academic load at UT. She reports to St. John's Jesuit each weekday around 1 p.m. to start prepping for students' arrival in the training room after school. She goes home each night after that evening's games or practices usually between 8-9 p.m.

Ayami can often be found at SJJ or game sites on weekends as well.

"I love it," Ayami said. "The kids, coaches and parents have all been very supportive. I've learned a lot in my time here."

Ayami has become a familiar face to those involved with Titan athletics. Her positive attitude, tenacious work ethic and bright smile have made her a "fan favorite" with all those who come in contact with her.

"I try to be very easy to communicate with, especially for the kids," Ayami said. "I want them to be honest with me and feel comfortable talking with me. At the same time, I have to be hard on them too. I don't want them to socialize in here or get too comfortable being in the training room. My job is to get them back out on the court or the playing field."

Spoken like a true team player.

SJJ's Trainer Ayami Sato stretches Freshman Craig Mays '15 before basketball practice.
