

# iPad Setup

## *Step 1: install iTunes*

St. John's Jesuit High School and Academy, 2011

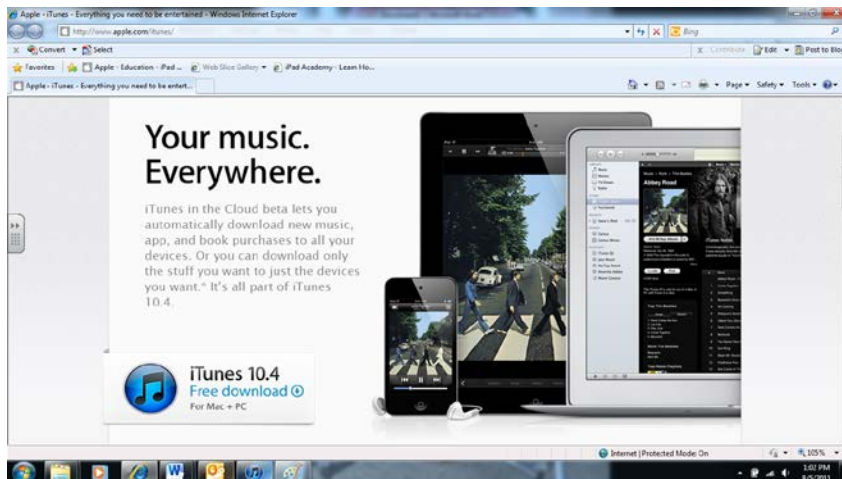

---

Setting up the iPad with your home computer is a crucial step. This will allow you to back up any applications purchased and transfer music and files onto the iPad.

### **Step 1:**

Please ensure that you have the latest version of iTunes (10.4) on your home computer. If you already have iTunes, you can check the version by opening iTunes > Help > About iTunes.

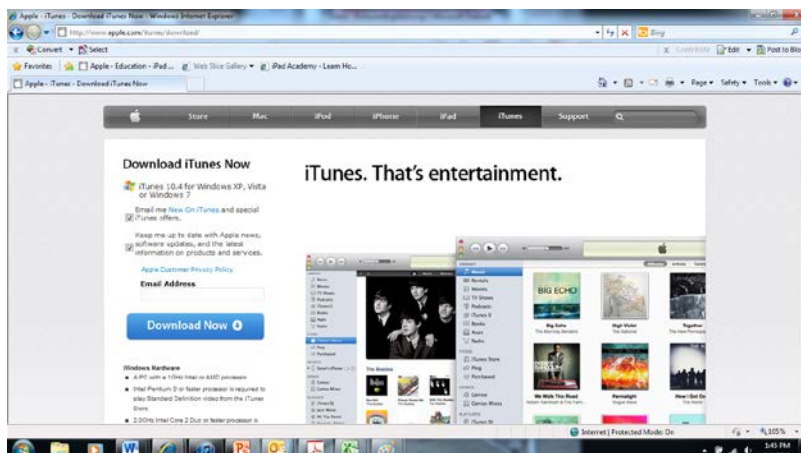

To download iTunes, please follow this link: [www.apple.com/itunes](http://www.apple.com/itunes) and select "Free Download"

### **Step 2:**

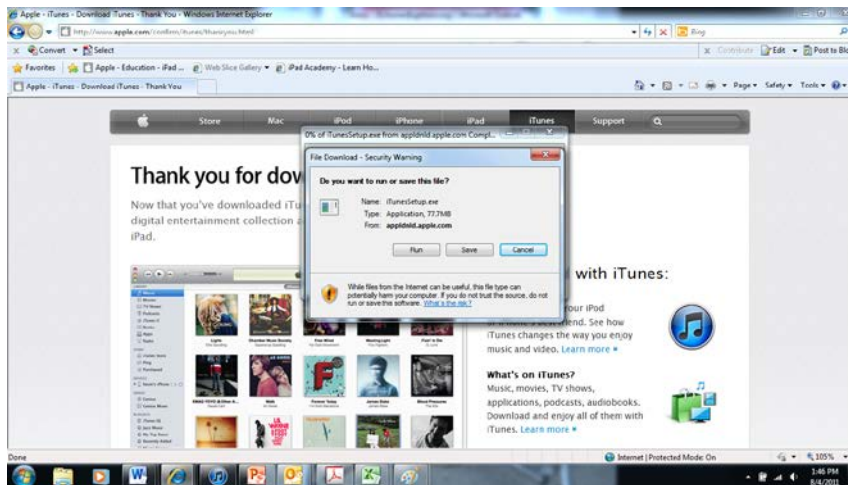

Enter your email address, remove the checks from the two boxes (unless you want Apple emails) and select "Download now."

*Note: Please be sure that your pop-up blocker is temporarily turned off.*

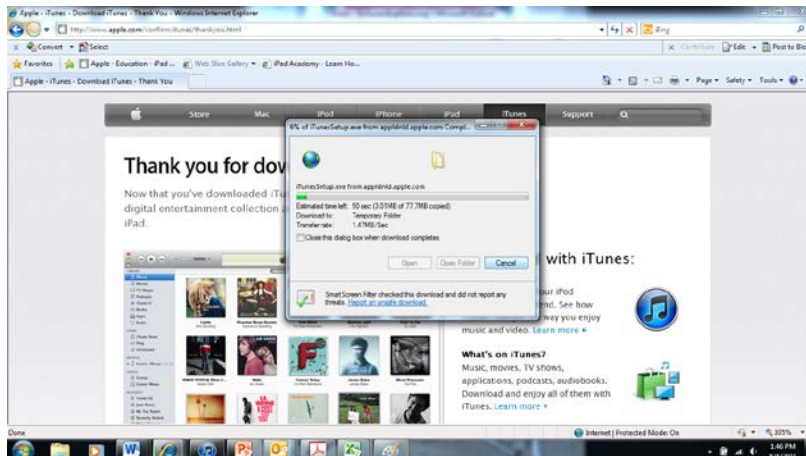

### Step 3:

You will see the below prompt. Please select Run

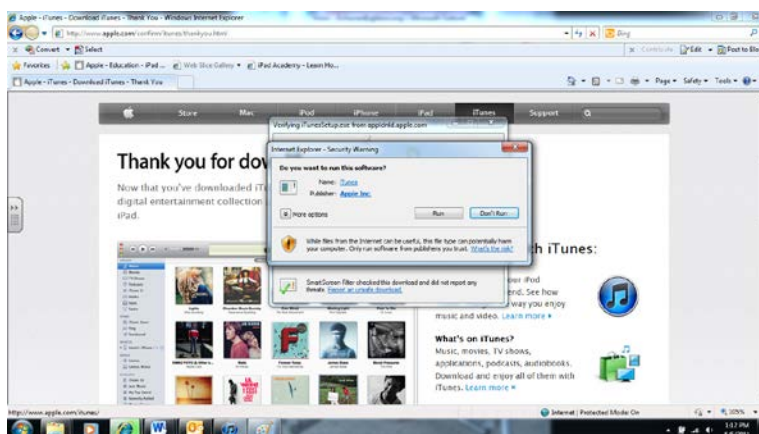

### Step 4:

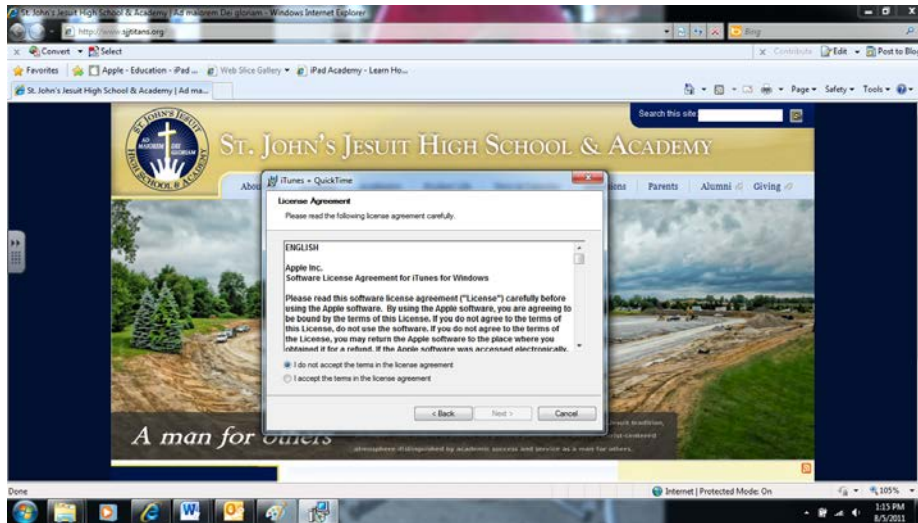

iTunes should begin downloading

If you receive the screen below, please select run

**Step 5:** Please accept the terms of agreement for iTunes

**Step 6:**

As iTunes prompts you with more instructions, please follow them to complete the installation.

**NEXT STEPS:**

- **Creating an iTunes account without a Credit Card**
- **Connect the iPad to the computer**
- **Set up “Find my iPad”**
